

Fugro

Fugro's mission is to be the world's leading company and services provider in the collection and interpretation of data and the provision of advice related to the earth's surface, the seabed and the soil and rocks beneath.

Fugro's activities are carried out all over the world, onshore, offshore and from the air, and are primarily aimed at providing advice for the:

- oil and gas industry;
- mining industry;
- construction industry.

Fugro provides services such as precise positioning, construction materials testing, reservoir engineering and data management.

Fugro's operations have been organised into three divisions: Geotechnical, Survey and Geoscience.

Fugro is listed on Euronext Amsterdam and is included in the AEX-Index.

Fugro has about 13,500 employees in more than fifty countries.
