

Mammoet

Mammoet is a worldwide specialist in heavy- and extremely heavy lifting and transport projects headquartered in the Netherlands. The company has more than 3,200 employees, operating from over 60 locations worldwide.

Major clients are active in the petrochemical industry, off-shore construction, mining, the energy sector, civil & hydraulic engineering and special marine and salvage projects.

Mammoet's quality is founded on the wealth of technical know-how that it can apply to engineer the projects. Many of the larger projects are unique, demanding innovative solutions to serve the clients to all their requirements.

Highly trained, experienced personnel and advanced equipment is the key to success.

Mammoet is working in accordance with ISO 9001 safety & quality standards.
